

Mars Simplified/Segregated Palm Oil Mill List Europe, Australia, Middle East & Brazil

May 2020

Mars is a member of the Roundtable on Sustainable Palm Oil (RSPO), a non-profit membership organization that promotes the growth and use of sustainable palm oil and since 2013, we have purchased 100% of our palm oil from RSPO-certified sources through the mass balance program.

More recently, Mars palm oil for Europe and Australia (2019), and now the Middle East (2020), is RSPO-segregated, meaning certified palm oil is kept separate throughout the entire supply chain. This, along with other simplification measures, has effectively reduced the number of mills we source from for the regions from approximately 1,500 to less than 150.

Following is a list of mills supplying palm oil to Mars' European and Middle East regions, and the Australia and Brazil markets as of May 2020.
